NOT THE WORK OF TRAMPS.

Attempt to Burn a D. and H. Pump House.

On Monday evening the Delaware and Hudson pump house, located on the street between the Delaware and Hudson streets, was entered and robbed of various tools and other articles kept there. A pile of wood and material for a quick fire was placed against the building and set on fire. Fortunately, James Campbell, who has charge of the pumps, junior his evening inspection and discovered the blaze, which had not gained much headway. It is not known who were the robbers, but it is not unlikely that it was all done by tramps.

A Desperate Woman.

Experts in insanity tell us that when anyone goes insane, frequently their whole nature is reversed. They do and say exactly opposite things to what they would do in their sane minds. A mother whose mind breaks down and whose extreme nervous tension may turn upon the one object in the world most precious to her—her baby. The terrible nervous tension under which many women live and suffer because of some weakness or disease of their system, keeps them on the very verge of insanity. The constant drag and drain upon the complicated and delicate organism affects the whole nervous system and works upon the brain with an almost irresistible madness. Thousands of suffering women have been literally saved from the madhouse by the timely influence of Dr. Pierce's Favorite Prescription. It is the one perfect and positive specific for the entire range of woman's special organism. It is a scientific and permanent cure for those severe, chronic, complicated cases which doctors usually consider hopeless. It is the only medicine of its kind devised by an educated and skilled physician.

Mrs. Sarah E. Rains, of Dayton, Cass Co., Mo., in a letter to Dr. Pierce writes: "It was in the winter of 1896 that my sufferings commenced. I took the grip, and that with the labor pains all went to my head. I suffered dreadfully and when I gave birth to my little boy I kept getting worse. I doctored but nothing did me any good. I had nervous spasms and was delirious—Oh, no tongue can express my sufferings. I was advised by a lady to try your medicine and I did. I got one of the 'Golden Medical Discovery' and one of the 'People's Medical Discovery' and I have taken two-thirds of the medicine when it commenced its work. I began to feel better, and still continued getting better. In a short time I felt like another woman. I gained strength and flesh. I am now forty-one years of age. My husband and I was your medicine that saved my life."

Dr. Pierce's 1000-page illustrated book, "The People's Medical Adviser," sent, paper-bound, free for the cost of mailing only. One-cent stamps; or, cloth-bound 31 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.

FIRE AT JERMYN.

The D. and H. Fan House Badly Damaged by Flames--A False Alarm--Highway Robbers at Work.

About 12:45 yesterday the whistle at the Delaware and Hudson breaker sounded the alarm of fire. The few members of the Crystal Fire company, who were in work, were soon upon the scene of action. The fire was discovered in the fan house, used to provide fresh air for miners. All the windows were barred up and on account of the dense smoke, it was difficult, for some time, to locate the flames. When the smoke had sufficiently cleared away it was found the fire was in the shaft siding, the origin of which was attributed to a hot journal on one of the engines. The hose company worked for about an hour before the fire was put out. It is very lucky that the building was not destroyed, for if it was, it would necessitate shutting down the mine until the building was rebuilt, as this is their only means of forcing fresh air into the mine.

At 5:45 an alarm of fire was sounded, but upon investigation, no fire could be found. A large brush heap was burning on Third street, which no doubt was the cause of the alarm.

A party composed of a number of young people enjoyed a straw ride to Vandling last evening.

On Sunday evening last a Hungarian, while walking from Peckville to his home at Mayfield yard, was set upon by three men near the water tank, south of the Delaware and Hudson depot, who beat him severely, also relieving him of his money and watch. A GREAT SURPRISE IS IN STORE for those who will go today and get a package of GRAIN-O. It takes the place of coffee at about 1/2 the cost. It is a food drink, full of health and can be given to the children as well as the adult with great benefit. It is made of pure grains and looks and tastes like the finest grains of Mocha de Java coffee. It satisfies everyone. A cup of grain-o is better for the system than a ton, because the grain is permanent. What coffee breaks down grain-o builds up. Ask your grocer for GRAIN-O. 15c and 25c.

Our Fall Opening began some days ago and is going on all the time. Like the milliner who buys bonnets one of a kind and the dry goods man who shows only one pattern of a size and are exclusive. They are for mothers who want their boys dressed different from other boys and for men who prefer something out of the ordinary. At this time, while the new stock is complete and full of sizes, we invite you to a critical and friendly inspection of what we have to show. Leave the buying until you are ready.

Mothers! have your second thought for the boys—wives! give your husbands a hint or two. Come here—after you have looked at Bonnets and Jackets and see what's new in Fall Clothes.
